## MIX OF THE MONTH:

This month's Scent blend:

### Pink Champagne

1/2 Champagne

1/2 Strawberry

## TIP OF THE MONTH:

### Easy Fire Starters!

The first kind is my favorite, all you need is some pine cones, some wick, and some scrap wax. Take your pine cones and wrap cotton wick all through the pine cone. Then dip them in the melted scrap wax, scented with a winter fragrance.

The second kind is done with old cardboard egg cartons. I like to fill them up with wood shavings, and pour my melted wax into each cavity. It's a good idea to lay down old newspaper or such as the wax may leak a little. Once they are hard you'll have 12 fire starters. The last one is one of my customers favorites. I'll take votive molds put a wick in them and then fill them up with wood shavings. Then fill with scented scrap wax. Once they are hard they pop right out like regular votive, but are great for getting a nice warm fire going on a chilly night.
