~ Fragrance & Wick pages: We have reorganized our fragrance section of the website to make things easier to find, and we also redid our wicks page. We hope the changes are helpful, and please feel free to send us feedback!

TIP OF THE MONTH:

~ Nutty Taffy Apple Candle!

Using our 3" ball mold and pillar wax, make a deep red ball candle, the color of a red apple. Overdip the ball into caramel colored wax a few times to build up a nice thick layer. Try using a sticky wax like J50 or J223 for the caramel, so it's thick and creamy looking like the real thing. You could also drizzle some of the caramel over the top for added effect! After overdipping, set the ball on waxed paper so it dries with a flat spot on the bottom like a real taffy apple. Before the overdip dries, sprinkle with chopped up bits of tan colored wax for the nuts!
