TIP OF THE MONTH:

Popsicle Soaps for Kids

You Will Need:

- 1 popsicle mold set
- 12 oz. of clear MP soap base
- Orange soap dye
- Red soap dye
- Yellow soap dye
- 2-tsp of soap-safe fragrance
- 6 Craft/popsicle sticks

Melt 4oz of soap base. Color it red and add a few drops of FO. Pour equal amounts into each of the 6 cavities of the popsicle mold (should be about 1/3 full). Now melt another 4oz of soap base and color yellow. Add a few drops of FO. Once the first layer of soap has got a firm film, spritz with alcohol and pour your second layer. Once this layer has a firm film, insert your craft stick in the middle. Melt the last 4oz of soap base, color orange, add a few drops of FO, spritz the 2nd layer with alcohol, then pour your final layer. Once cooled, unmold. You can also do the same thing in all one color. Just pour the mold 2/3 full, let a film form then add your stick. Spritz with alcohol, and add your last layer. Colors & scents can be varied according to taste. Kids just love these! No more having to "make" them take a bath. They will do so willingly ☺
