## TIP OF THE MONTH:

I work in my kitchen, so to help me have an easy clean up I use a cheap vinyl table cloth that has been cut to the size of my counter. When I work I lay the cloth down and when I'm finished I just wipe it down with a wet rag fold it up and store it away, voila! The vinyl table cloth allows for everything to wipe right off of it without compromising my finish on my counter top with fragrance oils, wax and dye.
