★ COMPANY NEWS:

I enjoyed the IGCA convention this year in Orlando! It was wonderful meeting more of our customers and making new friends! If you missed the convention this year, you definitely won't want to miss the next one in Oklahoma City next July! We anticipate a great crowd and there will be lots of great classes lined up! This is the only convention where you can actually take classes and get hands-on experience for more than just a day. It's an invaluable experience & I highly recommend joining and attending. Besides all of the learning, we also have a lot of fun too! To join click here: www.candlesupply.com/IGCAapp.pdf
Please tell them we referred you ☺

TIP OF THE MONTH:

Layered Votives Made Easy!
It is easy to get the layers even by using a popsicle stick with dash marks. We mark a popsicle stick with a sharpie at the levels that you want your layers at. Then place this stick next to your wicks before insertion and place a dash mark on your wicks using the sharpie. Now you have the correct level each and every time for your layered votives. When you pour the wax just pour to each mark on your wick and you will see they come out the same every time.
