TIP OF THE MONTH:

One of the tough things to do is explaining to your customer how short or long to trim a wick prior to burning each time. What we do is, when we sell our candles either in the shop or online we give our customers our wick trimming fact sheet that most people hand out. Ours has little tick marks on the edges marked at 1/8" and 1/4" so they just place the small business card shaped paper next to the wick and clip at the line :)

Thanks,
Kenneth Bearce
