## ★ NEW PRODUCTS:

~ New Closeout Scents:

- \* Woodland Orange Spice
- \* Fresh Cranberries
- \* Woods & Spices

~ UV Color Stabilizer **CPUL**

Easier to use, more concentrated, and does more than our old UV Inhibitor, yet it's the same low price! It not only helps inhibit fading from light, but it also helps improve the stability of the candle's color and protect it from the effects of heat and fragrance solvents! Got difficult fragrance oils that change the color of your candle? Do your **blueberry** muffins turn **green**? **Try this!**

~ New Closeout Dyes:

- \* Shades of Yellow Brown
- \* Shades of Red Brown

## ★ COMING SOON:

Several hot new fragrances are on the horizon! We've been testing like crazy and have a few that look like winners, so stay tuned!

## COMPANY NEWS:

We're working on planning the first ever BC Convention for this coming spring! We'd like your feedback on what you'd like to see demos on, etc. If you'd be interested in attending and have suggestions, please email me at [Doneen@candlesupply.com](mailto:Doneen@candlesupply.com)!

## FOOD FOR THOUGHT:

A man who works with his hands is a laborer; a man who works with his hands and his brain is a craftsman; but a man who works with his hands and his brain and his heart is an artist. - Louis Nizer

## TIP OF THE MONTH:

Ever wick a bunch of jars and forget which jars are the large wicks and which are the med wicks? We thought our kids would have fun participating when we are pouring candles. We give them sharpie (permanent) markers and have them draw a black line on the bottom of the med wick tabs and red on the large wick tabs and ect. This way after you hot glue them, you can turn over the jar and see for sure which wick you have in place. Works for us!
