TIP OF THE MONTH: Aroma Bead Tip!

Instead of using glass jars for mixing my aroma beads, I keep an empty fo bottle, and when I am ready to make more beads in that particular scent, I just put my funnel in the bottle, add my beads, then my fo and shake. For me it's much easier doing this then using the jelly jars (my old method), the bottles can hold quite a bit of aroma beads and they pour out of the bottle into my organza bag when I am ready for packaging. This way I always have my scent labeled correctly, and I am doing a little bit to help out in recycling!
